

Padstow School and Nursery SEND Information Report and Local Offer 2024 - 2025

Primary School and Nursery situated in a rural setting within North Cornwall. It has a welcoming atmosphere where staff and pupils work together to create a happy, secure, caring and stimulating environment. We aim to be inclusive of all children and provide the facilities, which are tailored to allow every child to make progress.

Staff at Padstow School and Nursery work in partnership with parents, Hub Councillors and the wider community and are trained to cater for the needs of the children in their care, with many having specialist training to meet specific needs.

Every child at Padstow School and Nursery, has the opportunity to follow the Primary National Curriculum and /or access all areas of learning in Development Matters. This is achieved through differentiated planning and scaffolded delivery, by our talented team of teachers and their assistants.

We are committed to providing opportunities to achieve the full potential of all children, whether in academic work, artistic work, sport or play. Our aim is to ensure that all children make progress from their unique starting points. We do this through a variety of different provisions, which include short-term specific interventions, 1:1 sessions, home-school interventions and a range of individualised interventions that are developed to meet needs identified in school or with the support of external agencies.

Padstow School and Nursery recognises, celebrates and values the progress and achievements of all pupils across the curriculum. All pupils are given the opportunity to develop responsibility, self-esteem and respect for others, their community and planet. Equally, all pupils are encouraged to respect the beliefs, culture and moral values within the community and globally. We encourage all children to make a positive contribution to our school and the local community and to appreciate their place in the wider world.

2. Partnership with parents and carers (to include arrangements for consulting parents of pupils with SEND and involving them in their child's education).

Whole school approaches The universal offer to all children	, , , , , ,	Specialist, individualised support and provision
		· ·
The school works in partnership with all parents and carers and welcome Parent/Carers to contact us if they have any concerns. Parents/carers are invited to attend consultation evenings and can request additional consultations, when necessary. Parent/carers are invited to comment on their child's report in the summer term. Newsletters, social media, the school website and text messages keep parents and carers informed about what children are learning, school events and dates and other key information. The Parents, Teachers and Friends of Padstow School and Nursery group, work together to identify and make improvements for all children and staff. Parent information meetings provide opportunities to share views about key changes/ developments to the school's plans.	Children have the opportunity to be involved in extra-curricular clubs and activities. Parent meetings, differentiated homework, differentiated spellings, reading tasks and records involve parents in supporting their children's progress. Parents are encouraged to contact school at any time in person, by phone, by email or home/school book, to address any concerns. Parents are invited to discuss their child's progression with the class teacher and/or SENDCo/SENDCo HLTA when a concern has been raised for a child's progress, and when a child's progress is reviewed. Pupil conferencing with both one-to-one or small groups, promotes consultations between teacher and pupils to discuss learning progress and attainment.	Parent/carers are supported in attending and are actively involved in all meetings where appropriate. Parent/carer's views are an integral part of TAC meetings and SEND reviews. Advocacy is available to ensure this. All documentation can be presented in a format that is accessible to individual parents. Parents are encouraged to engage in oneto one reading and homework activities. Parents/carers may communicate with their child's teacher and /TA through the use of a communication book, where appropriate. Parents are encouraged to share their concerns and the concerns of Health Professionals, through the Parent Consultation form, in order to address the issues and concerns that there are, for a child holistically. There is an ongoing system of referral to outside agencies such as the Early Help

Hub, Autism Team, Speech and Language
Therapy and Educational Psychology. The
SENDCo liaises with other agencies,
ensuring parents are involved in this
process and have any additional support
and information they need.

3. The curriculum (to include reference to the school's broad and balanced curriculum and details of how

		Ŷ
Technology is available to aid independence.	Where teaching assistants are in the classroom they facilitate independence.	Teaching assistants working one-to- one with pupils encourage them to be specific about what they need help with, along with
Resources are available in all classrooms to promote independence.	Pupils have personalised equipment to help them to learn, such as talking tins, overlays, reading rulers, timers, prompts and checklists.	asking them what they have done already to find the help for themselves.

Pupils have access to visual timetables, Now Additional support is shared to build and Next boards, communication books, resilience in the young person, so that they visual reminders, task management boards have self-coping strategies when and if the Pupils are encouraged, year by year, to teaching assistant is absent. develop their self-help skills and independence. Staff 'scaffold' learning by giving children just enough help to achieve something they could not do independently. Staff help children to think, discuss and plan to develop characteristics of effective Personalised and highly differentiated work learning. is provided enabling independent learning. All pupils have access to a regular homework club. Advice is sought from outside agencies to support self-help and independence from the following: - Educational Psychologist - Physiotherapists - Occupational therapist - Autism Spectrum Support team - Dyslexia Advisor Service - Visual and Auditory Specialist - Early support team - Speech and Language Therapists - Cognition and Learning - Merlin Centre -Community Nursing Team

6. Health, wellbeing and emotional support (details of the support provided for improving emotional, mental and social development of pupils with SEND, including extra pastoral support arrangements for listening to the views of pupils with SEND and measures to prevent bullying).

PSHE curriculum is delivered to all children

Motional Assessments are completed by the class teacher to inform SEMH needs.

All staff are responsible for the wellbeing, emotional, physical and mental health needs of pupils.

Mental health and well-being is co-ordinated by the Senior Leadership Team.

A Whole school Trauma Informed Schools culture embraces approaches and tools, enabling staff to respond to all social, emotional and wellbeing concerns.

Disagreements and bullying are dealt with by staff immediately and reported to class teachers. There is a named member of staff who coordinates provision for students with wellbeing, emotional, physical and mental health needs, using the Trauma Informed Schools model.

Bereavement counselling is available from the EP Service and Penhaligon's Friends.

Pupil issues are dealt with by trained staff, as they arise.

Resilience is promoted through competitive sporting events available to all where appropriate.

Pastoral intervention, using the Trauma Informed School's approach, addresses:

- self-esteem
- social skills
- anger management
- emotional wellbeing
- friendship dynamics

Risk assessments using the Aspire model are carried out to actively support pupils accessibility, ensure their health, well-being and emotional needs are supported when required.

Fun Fit is targeted to help children with coordination difficulties.

Teacher or TA support for children who are experiencing emotional issues. This may take to form of small group circle time or activities inspired by a TIS approach.

Children identified through the Motional comprehensive screening as having a specific need can have therapeutic intervention as a group, delivered by a Mental Health Practitioner.

TAF/TACs, Early Support meetings and reviews are supported by a range of agencies.

Individual Motional assessments are carried out for identified pupils and personal programmes of support are developed from the results of these.

Additional support for pupils can be requested from:

10. The SEND qualifications of, and SEND training attended by, our staff

information promptly

SENDCo is a qualified teacher who has completed the Postgraduate Certificate: The National Award for Special Educational Needs Coordination and a Masters in Education

SENDCo attends termly Aspire Academy Trust Inclusion Network training days to share latest SEND updates and practices to support pupils' needs.

SENDCo has completed the SPACE programme Facilitator training for professionals

All staff receive training and updates on a regular basis regarding changes, updates to special educational need.

Named Director for Inclusion is Sally Hannaford

Family Information Service website is available for parents and staff to access guidance and advice.

SENDCo has completed the NASEN Every Leader a Leader of SEND training.

SENDCo is up to date and aware of different interventions and possible provisions.

SENDCo is trained to deliver Dyslexia Screening.

Outside agencies/specialists provide training to meet needs and support needed.

All teaching staff have had an introduction to Trauma Informed Schools training and receive ongoing sessions to support pupils' emotional needs.

SENDCo has completed WRAPS training to enable OT referrals to be made.

The Head of School is the Designated Safeguarding Lead and 3 SLT members are Deputy Designated Safeguarding Lead

SENDCo is a FRIENDS Programme practitioner

The SENDCo is a SPACE Programme practitioner.

SENDCo team know how to access specialist and individualised support from agencies.

SENDCO has completed the Work, Rest and Play Sensory Way (WRAP) training to support Occupational Therapy involvement and sensory needs.

SENDCo has completed training to support communication for children with Complex Needs.

SENDCo has attended William's Syndrome training, which is provided by the Williams Syndrome Foundation.

SENDCo has completed the Neurodevelopmental Development Profiling

11. Services and organisations that we work with:

Service/organisation	What they do in brief	Contact details

Early Years Inclusion Team	The Early Years Service helps children with additional needs and/or disabilities aged 0-5 to learn, play and develop.	eyis@cornwall.gov.uk Early Years Advice Line: 01872 322906
Educational Psychology	Educational Psychologists are specialists in learning, behaviour and child development. They work directly with children and young people as well as providing expert advice to their parents, carers and other adults who teach and support them.	Aspire Academy Trust Referral which is then triaged before then being sent on to the Local Authority.
Speech and Language Therapy Team	The Speech and Language Therapy Team works with children, young people and their families in order to help children who have difficulties with communication or with eating, drinking and swallowing. 13. Pupil progress

Pupil's progress and attainment is an ongoing process of teaching, learning, consolidating and applying. The class teacher and support staff complete this. Children receiving Special Educational Support have Individual Provision Maps (IPM's) which show the support in place, enabling the children to achieve their targets. This is shared with parents and pupils. Progress made towards targets is continuously monitored and assessed. Pupils, parents and their teacher review the targets and provision and successes are celebrated. If a child continues to require SEN Support, new targets and provision is planned and recorded using an IPM.

However, if a child makes expected progress, they will be removed from the SEN Support register and placed 'On Alert', to ensure that their progress is closely monitored for two further consecutive terms.

Parents can request a meeting with the class teacher, the SENDCo or the Head Teacher. Any concerns with progress are discussed with the Head of School, teacher and the SENDCo.

All pupils are involved with self-assessments at the end of learning tasks and against learning outcomes in lessons.

14. How we know how good our SEN provision is.

At Padstow School and Nursery we are always monitoring and evaluating the quality of our SEN provision. We monitor our provision through Aspire Academy Hub monitoring visits, SENDCo observations and learning walks and conversations with pupils. We also ask parents for feedback and comments during review meetings and through parental questionnaires.

In terms of intervention and specific provision, there is an entrance and exit assessment made to ensure the pupils are making progress from the provision. We make any appropriate adaptations as necessary.

Padstow School and Nursery reviews its SEN provision annually using the Aspire Charter Mark, which identifies strengths and areas for improvement, against the statutory requirements stated in the SEND Code of Practice 2015. From this, an action plan is produced.

15. If you wish to complain.

The first point of contact for concerns should be the class teacher. If you feel that there are still concerns or questions unresolved then contact the SENDCo (Sally Hewitt), Head of School (Kim Joyce) or Senior teacher (Hayley Thomson) to arrange a meeting.

Cornwall's Local Offer can be found on The Cornwall Family Information Services (FIS) website: http://cornwall.childrensservicedirectory.org.uk

Answers to Frequently asked Questions

1. How do people in school know if a pupil needs extra help?

Our school has an 'open door' policy to parents and has extremely well-developed links with the parents of the children that attend Padstow School and Nursery. Children's progress and behaviour is monitored through termly tracking systems. Children who may be vulnerable are identified on a Class Vulnerable Group record, used to consider both need and intervention when tracking and reviewing their progress termly. This is shared with all staff.

If a child transfers to our school from another Primary School, then we always do our utmost to find out as much information as possible about that child from both parents and the child's previous school. If there are external professionals involved with that child, then their opinions and reports are sought after to ensure that we get the full picture of that child.

2. What should I do if I think my child may have special educational needs?

If you think that your child may have a special educational need then talk to us. We are here to listen and to help. You should talk to your child's class teacher in the first instance and then after discussion they may set up a meeting with the Special Educational Needs and Disability Coordinator (SENDCo) and / or the Head of School. Following these meetings, steps will be taken to address any concerns you may have about your child.

3. Who is responsible for the progress and success of my child in school?

The progress and success of your child in school is everyone's responsibility. By 'everyone' we mean all school staff and parents as well as the child themselves. Whole cohort, termly progress review meetings with staff ensures progress is tracked and monitored appropriately and discussions about vulnerable groups are timetabled into staff meeting half termly. Where necessary, specific and targeted intervention support will be deployed.

4. How will the curriculum be matched to my child's needs and how will their needs be supported?

At Padstow School and Nursery, we are flexible and creative with our approach to the Development Matters Guidance and Primary Curriculum and plan lessons to be accessible for all. In all classrooms there are three 'waves' of support:

Whole Class (Wave 1) – support and resources available to everyone in that class;

Group (Wave 2) – support and resources available or tailored for small groups of children; and

1:1 (Wave 3) – support and resources specifically designed for or accessible by individual children.

All lessons are differentiated and scaffolded appropriately, according to the needs of the children in that class or group whether it be by the amount of support children will receive, resources they may use or the expectation the teacher has of those children when that lesson is finished.

Children are sometimes withdrawn from the classroom in small groups or on a one-to-one basis for more intensive support, with a teacher or teaching assistant, or to take part in an intervention program designed to meet and support the needs of that individual or group of children. Children may also be withdrawn by staff for physiotherapy sessions or individual speech therapy support.

5. How will I, and my child, know how well they are doing and how can you help me to support my child's learning?

Padstow School and Nursery operates an effective 'open door' policy to create a constant positive dialogue with parents. In addition to this, staff may ask to speak with parents at the end of the school day. Parents and pupils are invited to engage in termly SEN review meeting, and/or Parent meetings in the Autumn, Spring and Summer term, when annual reports are sent home to parents.

Throughout the year there are 'open afternoons' whereby parents are invited into the classrooms to share the children's learning, progress and support upcoming events e.g. class trips/residentials. This constant dialogue between school and parents will help you to support your child's learning at home and inform you of how they are progressing in school.

If at any time you wish to discuss your child, then meetings can be arranged with class teacher and/or the Head Teacher at your request.

6. What support is there for my child's overall wellbeing?

Your child's overall wellbeing will be constantly supported in school in a variety of ways.

We will help them to be healthy:

by ensuring that they enjoy good physical and mental health,

by encouraging them to live a healthy lifestyle,

to keep safe by protecting them from harm and neglect, and

to enjoy life.
We will also help them to achieve well:

by giving them opportunities to make the most out of life,

by teaching them the skills they need for adulthood,

to make a positive contribution to their school, community and society,

by being involved in their community and society and discourage involvement with anti-social or offending behaviour,

to contribute to their economic well-being, and

by ensuring that they are not prevented from achieving their full potential through economic disadvantage.

6. How do I know that my child is safe in school?

At Padstow School and Nursery, we have a variety of measures, policies and procedures in place to ensure that your child is safe. All staff are checked by the Disclosure and Barring Service (DBS checks, previously known as CRB checks) and have Tier 2 child protection training. There are also named members of staff who are trained to Tier 3 in child protection. We have a safeguarding policy and have appropriate risk assessments in place for activities and situations that may arise.

7. How accessible is the school environment?

The school building at Padstow School and Nursery is accessible to everyone who attends school or who comes to visit us. We have good access to every classroom. We have a disabled toilet and changing facility.

8. How will school prepare and support me/my child through the transition from key stage to key stage and beyond?

Your child will be highly supported by school throughout every transition process. We would meet with everyone involved in supporting a child's needs, talk to the relevant external professionals as well as involving members of staff from the next stage of schooling in these meetings. Where a child is transferring to a secondary school, they would be able to undertake extra transition days to allow them to become more familiar with the environment.

9. What specialist services and expertise are available at or accessed by your school?

A list of specialist services used by the school and are accessible to us are on the Family Information Service website. https://www.cornwall.gov.uk/health-and-social-care/childrens-services/family-information-service/

10. How is my child included in activities outside the classroom including school trips?

Everyone is included in everything at Padstow School and Nursery. Activities outside the classroom are a part of everyday life for us and we undertake a wide variety of school trips throughout the year. All children are encouraged to take part in after school clubs, and those children who need it are supported appropriately. The same applies when it comes to trips and camps and adaptations are made where necessary to ensure that every child is included whilst at the same time carefully ensuring that those adaptations do not affect the experiences of other children.

11. How are the school's resources allocated and matched to pupils' special educational needs?

Each year the school decides on an allocation of money for special educational needs (SEND). For all children on the school's SEND register the school itself is expected to meet the first £6,000 of any resources and support required by each individual child. For those children with an Education, Health and Care Plan, spending above the £6,000 may be claimed back from the local authority up to a limit set by the resources provided by the statement.

In addition to this, these children also have access to free resources and support from external professionals such as Educational Psychologists for example. In-school resources and support are detailed on Individual Education Plans (IEPs). The plan is individually tailored to each child on the SEND register and specify which resources will be used to support that child, how much support they will receive and whether any additional adult support will be used.

12. What SEND training have the staff at school had or are having?

The Special Educational Needs and Disability Co-ordinator (SENDCo) has undertaken the following:

- Accredited National Award for SEND Co-ordination, a year-long qualification which looks in depth at the differing types of special educational need, research and pedagogy into a wide variety of educational topics as well as how best to support children with SEN in school.
- A Masters degree in Education with an SEND inclusion focus.
- Trauma Informed School (TIS) Practitioner training and continues to attend online update sessions to ensure TIS approaches supported are embedded in teaching, learning and SEND practices.
- Work, Rest and Play the Sensory Way (WRAPS). The training provides an understanding of individual sensory differences
 and needs, enabling teachers to identify and support sensory challenges faced by children within the school environment.
 On completion of the training the SENDCo is able to disseminate learning within the school so that basic strategies are
 introduced as needed to support pupils' sensory regulation and enable them to make a referral where necessary.
- Deputy Safeguarding Lead training
- Every Leader a Leader of SEND essential information and actions for leaders in leading SEND across a school
- Supporting Communication for Children with Complex Needs
- Lego Therapy training
- Fun Fit training
- Time to Talk
- Intensive Interaction training
- Blank Levels for Speech and Language

- Team Teach
- ASD awareness, strategies and Interventions

13. What should I do if I feel that the Local Offer and the Information Report is not being delivered or is not meeting my child's needs?

If you feel that the Local Offer/Information report or the School Offer is not being delivered or is not meeting your child's needs then we urge you to contact school in the first instance, speaking to either the SENDCo (Sally Hewitt) or the Head of School (Kate Whitford). Concerns may then be escalated, if necessary, to the Director of Safeguarding and Inclusion (Sally Hannaford) or to the Board of Directors at Aspire Academy Trust.

14. How is your School Offer and Information report reviewed?

Our School Offer and Information Report is reviewed on an annual basis in consultation with staff, parents and directors of the school.
